

In partnership we become stronger in minimising risk

(See overleaf for details)

LCE/ADT Partnership

Langebaan Country Estate is protected 24 hours a day, 7 days a week, and 365 days a year by a dedicated team of ADT Security personnel backed up by a Dedicated Response vehicle and Quad Bike Patrol. In order to achieve maximum protection, it is pertinent that the residents are considered partners in the efforts to minimise risk.

How a resident can be a partner

- By ensuring the home is properly secured and locked when unattended and also whilst asleep at night
- Sufficient immediate external sensor lighting
- Utilising alarm system to full extent including stay mode when you are home
- Testing alarm regularly to ensure it is operative
- Don't leave keys in hiding places outside your home
- Don't display valuable items in clear view of windows for passers-by to see
- When you are away from home turn the telephone volume down
- Don't leave bicycles, toys and tools etc. lying outside the premises
- Don't leave your bin outside when you are away for long periods of time

Did you know?

- You can call the LCE Response vehicle on the cellphone **(083 634 0569)** for assistance or to report suspicious persons or activities
- The Estate Developer has negotiated discounted rates with ADT for installations or upgrading of alarm systems
- Residents can also be linked to ADT Security's Monitoring Centre at a discounted rate for LCE residents of **R120.00** per month for Armed Response and monitoring
- Are you aware that you can call the dedicated reaction vehicle to meet you at your premises when returning home?
- Neighbour Network – Do you know your neighbour and can you call them for assistance should you need to?

Warning: Langebaan homes are being targeted mainly for flat screen television sets. Residents are urged to remain vigilant and to report any suspicious activity to ADT.

Your safety is our priority!
