
BRUCE BURMEISTER AND ASSOCIATES ARCHITECTS

Principal: Bruce Burmeister B.Arch M.I.A. UCT
Established: 1990
Address: 27 Second Avenue, Claremont, Cape Town

The practise commenced in 1990 in the residential market only but has undertaken numerous large commercial projects as well. Our main thrust though has always been residential and on golf estates, we have undertaken and completed 10 houses on the Arabella Golf estate in Kleinmond from 1998 to 2008 as well as 2 houses in Le Grand George Golf Estate in George in 2008.

Our design intentions have always been to create a living environment that is light and airy, elegant and spacious. All views are maximised via large windows and the whole emphasis is to connect with the outside as much as possible. Layouts must work functionally, based on our years of experience, in the residential market. Quality of finish is vitally important and we pride ourselves in ensuring adequate inspections on site and liaison with the Contractor. Designs are undertaken with strict adherence to a budget and at all times the client will have interaction directly with myself during the project.
